Capitainer®

Microsampling made simple.

Patient-centric sampling solutions for blood, plasma and urine.

Capitainer®B50
Accurately collects 2 x 50 µl Whole blood

Capitainer®B10
Accurately collects 2 x 10 µl Whole blood

Capitainer®B10 Vanadate
Accurately collects 2 x 10 µl Whole blood

Capitainer®SEP10
Generates 2 x 10µl of Plasma/Serum

Capitainer®DIP70
Volumetrically collects 2 × 70 µL of Urine

Clinical reliability, simplified at *Home*

Precise Sampling
Patented microfluidics

User-friendly
Convenient self-sampling

Simplified logistics
Samples can be sent by regular mail

Laboratory integration
Easy to integrate into automated laboratory workflows
